## **Coffee & Whiskey/Skewers & Sunsets** Chad Galactic

“While this book might not unlock all the secrets of the universe, it fearlessly reveals all the secrets of Chad Galactic. Oh, the humanity! But Galactic’s words form a mirror, so don’t be alarmed when you hold the pages up only to find your own image looking back.” - BENJY EISEN New York Times Best Selling Author: Deal “If you were to take Dr. Seuss, Dr. Dimento, Dr. Spock and Dr. Dre and mix them into a literary stew, you might come close to creating Chad Galactic, but not that close. For there is only one Chad Galactic, a true original, a man of vision and creativity. I love his new book of poems, it’s a gift to the world.” - ZACH GILL Jack Johnson, ALO & Chad’s Biggest Fan "In his debut collection of poems, Chad Galactic has somehow harnessed the energy of Shell Silverstein, the documentary aesthetic of Henry Rollins, and the honesty of Bukowski while preserving a level of originality not often found in most writers first work. The result of this is a truly unique and enjoyable read. At a time when so many writers are busy emulating and trying to convey the murky landscapes of someone else’s experiences and emotions, Galactic has decided to use the spirit of those great artists as nothing more than a springboard into a universe and atmosphere all his own. The Chad Galactic-sphere. Or something great like that." - JASON MYERS Author of the best selling novels: Exit Here and The Mission
