McGraw-Hill Connect® provides online presentation, assignment, and assessment solutions. It connects your students with the tools and resources they'll need to achieve success. With Connect, you can deliver assignments, quizzes, and tests online. A robust set of questions and problems are presented and aligned with the textbook's learning goals. As an instructor, you can edit existing questions and author entirely new problems. Track individual student performance?by question, assignment, or in relation to the class overall?with detailed grade reports. Integrate grade reports easily with Learning Management Systems (LMS) such as WebCT and Blackboard?and much more.

Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, how they need it, so that your class time is more engaging and effective.

From reader reviews:

George Carter:

With other case, little folks like to read book Connect 2 Semester Access Card for Vector Mechanics for Engineers: Statics and Dynamics. You can choose the best book if you appreciate reading a book. Provided that we know about how is important a book Connect 2 Semester Access Card for Vector Mechanics for Engineers: Statics and Dynamics. You can add information and of course you can around the world with a book. Absolutely right, simply because from book you can realize everything! From your country until foreign or abroad you will find yourself known. About simple factor until wonderful thing you are able to know that. In this era, we could open a book as well as searching by internet unit. It is called e-book. You may use it when you feel uninterested to go to the library. Let's go through.

Richard Endsley:

Nowadays reading books become more and more than want or need but also become a life style. This reading habit give you lot of advantages. The benefits you got of course the knowledge the particular information inside the book this improve your knowledge and information. The knowledge you get based on what kind of e-book you read, if you want send more knowledge just go with education books but if you want feel happy read one having theme for entertaining including comic or novel. Typically the Connect 2 Semester Access Card for Vector Mechanics for Engineers: Statics and Dynamics is kind of reserve which is giving the reader unpredictable experience.

Kristopher Sutherland:

Information is provisions for people to get better life, information currently can get by anyone in everywhere. The information can be a understanding or any news even an issue. What people must be consider while those information which is from the former life are hard to be find than now's taking seriously which one is suitable to believe or which one typically the resource are convinced. If you find the unstable resource then you get it as your main information we will see huge disadvantage for you. All of those possibilities will not happen inside you if you take Connect 2 Semester Access Card for Vector Mechanics for Engineers: Statics and Dynamics as the daily resource information.

Bradley Cox:

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some reserve, they are complained. Just small students that has reading's soul or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring along with can't see colorful images on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach

Chinese's country. Therefore , this Connect 2 Semester Access Card for Vector Mechanics for Engineers: Statics and Dynamics can make you sense more interested to read.
