## **Emergency Department Case Management, Second Edition: The Compendium of Best Practices**

HCPPro a division of HCPro, Kathleen Walsh RN PhD, Karen Zander RN MS CMAC FAAN

From defining goals, clarifying roles, and understanding the necessary knowledge and skills required, *Emergency Department Case Management: The Compendium of Best Practices, Second Edition* will ensure that ED case management staff have a solid and sustainable foundation in place.

After exploring models and reviewing emergency department infrastructure, *this compendium* will help readers outline key partnerships, present multiple options for case finding, tackle observation status accurately, address quality and evaluation issues, and identify ways ED RN case managers and social workers coordinate care for complex cases, such as pediatric, psychiatric, homeless, and uninsured populations.

In addition to many new tools, this book is also packed with more than 20 detailed spotlights and case studies discussing ED case management strategies, best practices, and experiences of ED professionals from across the country.

### **The new edition includes:**

The presence of case management RNs and Social Workers in emergency departments (ED) has become a standard since the first edition of this text was published in 2007. Ever-expanding and changing regulations for EDs and hospitals have emerged, while best practices have evolved to address these challenges.

This new edition discusses these changes and provides updated guidance on running a compliant, effective, and efficient case management team in the ED. It also provides insight on adapting the role of case management based on unique ED patient populations and helps ED case managers stay ahead of the curve by examining what lies ahead in their profession.

### **Table of contents**

Chapter 1: ED Case Management: The Heart of Access and Hub of the Community

Chapter 2: Strategies for Creating a Successful ED CM Program

Chapter 3: Quality and EDs

Chapter 4: CM for Short Stay/Observation Patients

Chapter 5: Case-Managing Challenging ED Patients in General EDs

Chapter 6: Special EDs for Special Populations

### **Appendices:**

Appendix A: EMTALA: The Emergency Medical Treatment and Labor Act
