Sara Weaver was a teenager when her little brother was shot and killed by a U.S. Marshal. One day later, her mother was killed right in front of her by an FBI sniper. She survived an eleven-day siege, hunkered down in a cabin on a mountain top in Naples, Idaho with her little sisters, her injured father, and injured adopted brother. But walking down that mountain to safety was only the beginning. In the years that followed, she was hounded by news media and reporters. People created their own versions of the event, each presenting their own spin, their own angle, and their own social or political views on those tragic days. But this book is Sara's story, written in her own words. It is the story of Ruby Ridge from the inside, from the perspective of the 16-year-old girl who experienced the nightmare firsthand. However, it isn't just about the pain and hopelessness that shadowed the next ten years as she tried to move on. Sara's story continues with the transformation in her heart that changed the course of her life. This book is about forgiving even the most horrible and personal of crimes. It's about finding hope, about finding joy and freedom from the only source that can offer it in this sometimes broken world—her Savior, Jesus Christ.
