Data Warehouse Management: Das St. Galler Konzept zur ganzheitlichen Gestaltung der Informationslogistik (Business Engineering) (German Edition)

Data Warehouse Management: Das St. Galler Konzept zur ganzheitlichen Gestaltung der Informationslogistik (Business Engineering) (German Edition)

Die Herausforderungen des Data Warehousing liegen längst jenseits von Grundkonzeption und Architektur, die weitestgehend gefestigt sind. Ein ganzheitliches proaktives Datenqualitätsmanagement und integriertes Metadatenmanagement sind für ein effektives Data-Warehouse-System heute ebenso elementare Voraussetzung wie Datenschutz und Datensicherheit, die im Data-Warehouse-Umfeld neue Bedeutung erlangt haben. Zahlreiche Überschneidungen und daher Synergiepotenziale bestehen mit Customer Relationship Management, Enterprise Application Integration und Knowledge Management.

Die Autoren zeigen zu diesem Zweck fundierte Konzepte und praktikable Lösungen auf, die speziell im zweiten Teil anhand realer Umsetzungen mit bedeutenden europäischen Unternehmen (UBS, Credit Suisse, Swiss Re u. a.) verdeutlicht werden.

From reader reviews:

Thelma Olivares:

What do you ponder on book? It is just for students since they are still students or it for all people in the world, what best subject for that? Just you can be answered for that problem above. Every person has different personality and hobby for every single other. Don't to be obligated someone or something that they don't would like do that. You must know how great and important the book Data Warehouse Management: Das St. Galler Konzept zur ganzheitlichen Gestaltung der Informationslogistik (Business Engineering) (German Edition). All type of book could you see on many methods. You can look for the internet methods or other social media.

Alexander Taylor:

In this 21st century, people become competitive in every way. By being competitive now, people have do something to make these people survives, being in the middle of the actual crowded place and notice by surrounding. One thing that often many people have underestimated that for a while is reading. Yeah, by reading a e-book your ability to survive improve then having chance to remain than other is high. In your case who want to start reading the book, we give you that Data Warehouse Management: Das St. Galler Konzept zur ganzheitlichen Gestaltung der Informationslogistik (Business Engineering) (German Edition) book as basic and daily reading reserve. Why, because this book is more than just a book.

Suanne Barnwell:

Do you one of people who can't read pleasant if the sentence chained within the straightway, hold on guys this kind of aren't like that. This Data Warehouse Management: Das St. Galler Konzept zur ganzheitlichen Gestaltung der Informationslogistik (Business Engineering) (German Edition) book is readable by you who hate those perfect word style. You will find the facts here are arrange for enjoyable reading through experience without leaving even decrease the knowledge that want to offer to you. The writer of Data Warehouse Management: Das St. Galler Konzept zur ganzheitlichen Gestaltung der Informationslogistik (Business Engineering) (German Edition) content conveys prospect easily to understand by a lot of people. The printed and e-book are not different in the content material but it just different such as it. So , do you continue to thinking Data Warehouse Management: Das St. Galler Konzept zur ganzheitlichen Gestaltung der Informationslogistik (Business Engineering) (German Edition) is not loveable to be your top list reading book?

Wanda Jacobsen:

Nowadays reading books are more than want or need but also get a life style. This reading behavior give you lot of advantages. The benefits you got of course the knowledge the particular information inside the book that improve your knowledge and information. The info you get based on what kind of e-book you read, if you want attract knowledge just go with knowledge books but if you want feel happy read one having theme

for entertaining for example comic or novel. The Data Warehouse Management: Das St. Galler Konzept zur ganzheitlichen Gestaltung der Informationslogistik (Business Engineering) (German Edition) is kind of book which is giving the reader unstable experience.
