Witness (Library Edition)

Whittaker Chambers

Witness (Library Edition) Whittaker Chambers
[MP3CD audiobook format in Vinyl case.]

[Read by John MacDonald]

First published in 1952, *Witness* came on the heels of America's trial of the century, in which Whittaker Chambers accused Alger Hiss, a full-standing member of the political establishment, of spying for the Soviet Union. In this penetrating philosophical memoir, Chambers recounts the famous case as well as his own experiences as a Communist agent in the United States, his later renunciation of communism, and his conversion to Christianity. Chambers' worldview -- "man without mysticism is a monster" -- helped to make political conservatism a national force. *Witness* packs the emotional wallop and the literary power of a classic Russian novel and has gained Chambers recognition by critics on both sides of the spectrum as a truly gifted writer.
