The Father Confusors Renford

The author has published many books, articles and essays that take a metaphysical approach to interpreting ancient texts such as the Vedas, the Dhampravada, the Tao Teh Ching and the Bible. He follows no theological dogma nor adopts any philosophical school. He teaches in the Renford books and in the Institute of Applied Metaphysics that taking a single approach to exclusion of any other will not produce an accurate picture. Some text must be taken metaphysically, some as historical and some as physical events in which the witness had little or no point of reference comparable to ours. In any other approach, one will be interpreting based on a fixed religious tradition or a philosophical bias. We have seen many variations on the idea that alien intervention has taken place in our ancient history but this author has gone into greater depth on the difference between Universal Being and the warrior gods depicted in the ancient texts.
