Young Homeless People

S. Fitzpatrick

Young Homeless People S. Fitzpatrick

Young Homeless People takes a broad approach to the distressing phenomenon of youth homelessness. While politicians, researchers and the media focus on the more visibly homeless - those sleeping rough in city centres or staying in hostels - this book also considers the young homeless hidden in local communities. It places young people's experiences of homelessness in the context of their biographies as a whole and makes policy and practice recommendations based on the views and preferences of young homeless people themselves.
