Husband Hunters Genevieve Gannon

Three old friends team up to find life partners - this isn't love, this is business. For fans of Zoe Foster, Lauren Weisberger and Mhairi Macfarlane.

Clementine, a psychologist specialising in couples counselling, is reeling from the discovery that her boyfriend is married. Annabel, an ex-model, only seems to attract men who want her as a trophy. Daniela, a civil engineer, is stuck in the friend-zone.

Abandoning the romantic notions of true love that haven't worked out for them, the three decide to use their considerable professional skills to find a partner. This isn't about hearts and flowers - it's about being practical.

Warm and witty, HUSBAND HUNTERS is about what happens when you try to engineer love.
