Southwest: Smart Garden Regional Guide (American Horticultural Society) Rita Pelczar, Pat Welsh
Presenting a new way to think about gardening, the American Horticultural Society's "smart gardening" program teaches gardeners how to their own preferences and time availability, assess the possibilities of a location, and then create a garden that is in tune with the environment. A coding system, assigned to each plant, uses hardiness and heat zones, sun/shade, water needs, and plant size to help determine the perfect plants for any site.

Includes more than 3,000 plants that grow well in: Arizona, California, Hawaii, New Mexico, and Texas.

From reader reviews:

Robert Jenkins:

People live in this new day time of lifestyle always attempt to and must have the time or they will get wide range of stress from both day to day life and work. So , when we ask do people have spare time, we will say absolutely of course. People is human not just a robot. Then we inquire again, what kind of activity do you have when the spare time coming to you actually of course your answer will certainly unlimited right. Then do you try this one, reading books. It can be your alternative throughout spending your spare time, typically the book you have read will be Southwest: Smart Garden Regional Guide (American Horticultural Society).

Erna Taylor:

Playing with family within a park, coming to see the water world or hanging out with close friends is thing that usually you have done when you have spare time, and then why you don't try thing that really opposite from that. One particular activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love Southwest: Smart Garden Regional Guide (American Horticultural Society), you could enjoy both. It is good combination right, you still would like to miss it? What kind of hang type is it? Oh can occur its mind hangout fellas. What? Still don't have it, oh come on its referred to as reading friends.

Robert Mills:

Your reading sixth sense will not betray an individual, why because this Southwest: Smart Garden Regional Guide (American Horticultural Society) book written by well-known writer whose to say well how to make book which might be understand by anyone who read the book. Written within good manner for you, still dripping wet every ideas and publishing skill only for eliminate your personal hunger then you still skepticism Southwest: Smart Garden Regional Guide (American Horticultural Society) as good book but not only by the cover but also by the content. This is one guide that can break don't evaluate book by its cover, so do you still needing an additional sixth sense to pick this kind of!? Oh come on your reading through sixth sense already said so why you have to listening to one more sixth sense.

Jamie Harper:

Is it you actually who having spare time and then spend it whole day simply by watching television programs or just lying on the bed? Do you need something new? This Southwest: Smart Garden Regional Guide (American Horticultural Society) can be the respond to, oh how comes? The new book you know. You are consequently out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these textbooks have than the others?
