## **D6xD6 Role-Playing Game: Expanded Edition (D6xD6 RPG)** Lester Smith

From Origins award winning designer Lester Smith, with former Dragon Magazine editor Dale A. Donovan—and 21 contributing authors—comes an innovative one-stat role-playing game featuring: \* Five-minute character creation. \* Quick-and-easy tactical combat rules. \* Endless setting possibilities. The D6xD6 role-playing game is centered on a single stat, Focus. The more skills you choose, the higher your character's Focus number. Choose just a few skills, and your character is very focused. Choose many, and your character becomes a jack-of-all-trades. Task rolls are 1d6 x 1d6. Roll high for things you know well; low for things you don't. That single roll serves as both level of success and turn order, making combat quick and easy. This 200-page expanded edition contains all the best-selling core game rules, plus 26 settings from a range of genres, including the worlds of popular fantasy, sci-fi, and horror novelists. Each setting adds a new layer of character abilities specific to that world. Or you can mix and match to create settings of your own! For a draft of the core rules, a set of five sample settings, and further information about the additional 21 worlds (including links to free fiction ebooks), visit [www.d6xd6.com](http://www.d6xd6.com).
