Angela Lauria's "The Incubated Author - 10 steps to start a movement with your message" delighted me with its authentic & practical message, expressed with passion, sparkle and lots of experience. Lauria powerfully articulates the importance of clarity and commitment in starting a movement with one's message, and goes the distance in describing each step of the journey (often a "hero's journey") in seven well-researched, well-written chapters. This is a terrific book - practical, philosophical and comprehensive - for those who want to make a difference in the world by sharing their transformative message.

~ Mary Martin

Wisdom just flows through the pages of this book. If you're called to write a book, read this one! Thank you, Angela Lauria, for sharing your messages so powerfully and clearly - again.

~ Esther Goldenberg

The Incubated Author turns how you think about writing a book on its head. It forces you to get crystal clear about who the book is for, how they will be different and how to create a movement with your message - BEFORE you ever start writing. When you get that clarity up front, you write a book that can beautifully support your vision, attract the people that most need your message and grow your business. Angela Lauria is a master at this and she's doing what no one else in publishing is doing today.
