## **Science Fair Projects: Fun Ideas for Elementary & Middle School Students (Science Fair Experiments Book 1)** Susan Whitehead

No need to hunt through 100's of pages of some dusty old book to find a decent idea for a science fair project this time!

This science fair project idea book not only covers things like the basics of the scientific method and even gives pointers on what judges look for, it also has a wide variety of science fair experiments for kids of varying ages.

Want to find out which breakfast cereal has the most iron?

Want to know which type of apple is the sweetest?

How about an experiment dealing with the environment?

This concise book isn't filled with pages of fluff so you feel like you're getting a bargain buying a 500 page book. You don't have time for that.

No nonsense, just solid information and pages of experiments...some are just questions to get your creative juices flowing, others have a bit more detail on how to execute the experiments.

A great, affordable idea book for science fair projects!
