Law and Childhood Studies: Current Legal Issues Volume 14 Michael Freeman

Current Legal Issues, like its sister volume *Current Legal Problems* (now available in journal format), is based upon an annual colloquium held at Univesity College London. Each year leading scholars from around the world gather to discuss the relationship between law and another discipline of thought. Each colloquium examines how the external discipline is conceived in legal thought and argument, how the law is pictured in that discipline, and analyses points of controversy in the use, and abuse, of extra-legal arguments within legal theory and practice.

Law and Childhood Studies, the fourteenth volume in the *Current Legal Issues* series, offers an insight into the state of law and childhood studies scholarship today. Focussing on the inter-connections between the two disciplines, it addresses the key issues informing current debates.
