Why Must We Play These Dating Games? Kenneth Marshall

To gather the information to write my book created a 37 question survey. I surveyed 200 men and 320 women between the ages of 18-40. African-American, Hispanic & White. *What do men and women say they wish their sex partners would do more of and less of? *How does the definition of cheating vary between men and women? *What are the top 3 reasons men and women say they cheat! *Is there anything you can do for or can provide to the opposite gender that will keep them monogamous? And So Much More The Value Of Sex: *Question for Men & Women: "If a man/woman you RECENTLY met had great looks, wonderful personality, and was financially secured, but could not satisfy you sexually because he was a 4inch, 1minute man or she refused to be the nasty, kinky little freak you want. Could he/she be a candidate for your future Spouse?" 9.5 out of 10 women and 7 out of 10 men answered: PURCHASE THE BOOK! WHAT QUALITIES A MAN REALLY WANT IN A WOMAN: *Nature is a perfect example of balance. You have hot & cold, day & night, soft & hard, wet & dry. That type of balance is what we want from our mate in our relationship. She wants a gentleman and a roughneck all rolled up into one man. The myth is men want a lady in the streets and a freak in the sheets... but the majority of men surveyed stated that he wants a _____ "PURCHASE THE BOOK! The Hunter's & Their Hunting Strategies: *Women dictate every practice within the realm of dating. Every tactic or strategy a man puts into action when he's made up his mind to hunt would be determined by the prey. There are six hunting strategies that men employ when trying to make the acquaintance of a particular woman. The first of the 6 hunters is the... "PURCHASE THE BOOK!" Due to a male's fragile psyche and his inability to knowingly love a creature whose basic core nature can view sex just as cavalier and recreational as his own. It forced men to create and unleash the ultimate one-sided mind control strategy; you may refer to it as "society's DOUBLE STANDARDS! Selfishly men have not only developed a double standard, they have (arguably) very successfully managed to greatly influence a large number of women into buying into the double standard and additionally proliferate it amongst themselves (this being the ultimate victory, i.e. accomplishing something without having to put any further efforts towards it - as it is self-sustaining now). The result of the double standards has many women currently either... deny themselves of their true sexual desire or go to uncomfortably great lengths to suppress and/or hide it." Her being fully aware of his inability to handle such truths has forced her to create preliminary tests cloaked as moral standards such as "the 90 day rule" (which give the illusion that his "PERSONALITY" not SEXUAL ABILITIES" is most important"), or statements like, "I can count on ONE hand how many men I've slept with" (which implies conservativeness when concerning sex), These and many other superficial pre-sex rituals and games were created by women out of necessity in order to stroke and reassure the soft, frightened, fragile ego of men. His INSECURITIES makes him more than willing to accept ANY and EVERY dating game she creates as the truth. A man's "logical" mind makes him believe... since sex for a woman requires her allowing something foreign to enter her body. Women must view intercourse as a super sacred act that takes an act of God such as the moon and stars having to align before she succumbs to a man's persistence and agrees to have sex with him... That is simply not the case and Men really need to get over themselves and wake up to REALITY and eliminate the pressures women face attempting to live up to the outdated, unfair, Male influenced standards of social acceptance. aka - The "DOUBLE STANDARDS" My book gives you the info that allows you to fight back against Society's Double Standards, Gain Control, and Create Your Own Rules!
