"A top-notch thriller... a 5-star, can't-put-down read."--Richard Adin,The American Editor.com

Just over a decade into our future, America is a stricken country where jobs are scarce, health care is a luxury for the wealthy, and hope rides on the annual Gauntlet games--a punishing physical and mental competition where the victor brings not only pride but an economic windfall back to his or her home state.

In the 2023 games, former police detective turned paramedic Lara Evans represents Oregon. But the contest's notorious obstacles and cutthroat rivalry may be the least of her challenges. After saving a government bureaucrat's life--and literally dodging a bullet--she finds herself in the crosshairs of a relentless hit man. And when another Gauntlet contestant is murdered, a stroke of bad luck puts Lara on the wrong end of damning evidence.

Still, the games must go on. And with the country, the law, and a killer watching her every move, Lara must use all her strength and savvy to beat the odds, claim the prize, and win back her life in the most dangerous game of all.
