Rules for Conservatives: A Response to Rules for Radicals by Saul Alinsky Michael Master, Michael Charles Master

Saul Alinsky wrote Rules for Radicals 40 years ago as instructions on how to seize power. He was the original community organizer who documented how to organize others to provide power to the organizers. Alinsky was an instigator of class warfare and of the culture war. He taught liberals how to divide America by organizing communities to seize power. Because of those who practiced those rules, America is suffering. Every problem that we Americans face today can be traced back to compromises with liberal radical leaders. As it defined the rules that radicals should use to implement socialism and gain more control of governments, Rules for Conservatives defines the rules that conservatives should use to stop this incremental takeover by liberals. The Tea Party movement is determined to cut the tax burden on Americans. With decreased tax revenues, governments will have to shrink and liberals will lose power. Rules for Conservatives is the playbook for all conservatives and all Tea Party people to save America from liberal community organizers.
