The number formed at the left on the frame is 1,111. thousand-beads are moved to the left and seven hundredbeads, the tens-wire and the units-wire remaining empty. In transcribing this number, these empty places are filled by zeros--a figure of no value in itself. When the child fully understands this process he makes up many exercises of his own accord and with the greatest interest. He moves beads to the left at random, on one or on all of the wires, then interprets and writes the number on the sheets of paper purposely prepared for this. When he has comprehended the position of...
