7 Easy Steps to BobCAD/CAM v19/v20: A Beginner's Guide David S. Hayden, David S. Hayden

This book is different from the manuals that come with BobCAD-CAM. The BobCAD-CAM manuals do a fine job of guiding you through the various features of the software. This book is different in that, unlike other manuals, it walks you through the entire process of going from art to part. You will be guided through the process of how to think about machining the part. Your success depends on your ability to create or organize your geometry in a way that makes it easy to go from lines on the screen to NC code.
