Back to Work: Why We Need Smart Government for a Strong Economy [Deckle Edge] Bill Clinton
Back to Work by Bill Clinton is a book on governance in which the former US President Clinton shares his views on why the US needs a smart government to build a strong economy. Clinton talks about the challenges the US is facing and what led the country to this state of economic crisis. Clinton also presents his ideas on how an effective government will help to restore economic growth, create jobs, and resolve the mortgage crisis. Clinton also talks about how corporate investment and increased bank lending will help in restoring the economy. Supporting President Obama's emphasis on green technology, Clinton says that changing the current methods of production and energy consumption will help the current US economic scenario to do a turnabout. Back to Work by Bill Clinton also talks about how cooperation works better than conflict in the real world.
