World War II is one of those rare events in history whose retelling will forever guide us toward a deeper understanding of freedom and tyranny; honor and infamy; the roles of prudence, folly, and chance in human affairs; and man's capacity for courage, endurance, and sacrifice. These nine essays by leading World War II historians, adapted from presentations given at a Hillsdale College seminar, are written with an eye to these timeless and valuable lessons. Authors include Stephen E. Ambrose, Martin Gilbert, Victor Davis Hanson, and Gerhard L. Weinberg.
