## **Principles, Definitions and Model Rules of European Private Law: Draft Common Frame of Reference (DCFR). Outline Edition**

The Draft of a Common Frame of Reference (DCFR) is based in part on a revised version of the Principles of European Contract Law (PECL) and contains Principles, Definitions and Model Rules of European Private Law. A year ago, an interim outline edition of the Draft Common Frame of Reference (DCFR) was published by sellier. european law publishers (Germany). It covered the books on contracts and other juridical acts, obligations and corresponding rights, certain specific contracts, and non-contractual obligations. One purpose of the text was to provide material for a possible "political" Common Frame of Reference (CFR) which was called for by the European Commission's Action Plan on a More Coherent European Contract Law of January 2003. Now available for the first time is the final outline edition of the DCFR. This final outline edition covers major new topics and includes a revised and expanded list of definitions. This revision of the interim outline edition takes public discussion into account and also contains an additional section on the principles underlying the model rules. In late 2009, the six-volume full edition of the DCFR, including all comments and notes, will be published.
